

**Listed below are lodging, dining and vacation attraction options in Western NC for the **Border Terrier Specialty** this May 2010.**

You will want to take your meals at the Specialty site (order form available in the info packet on BTCoA website). **Restaurants** are listed below for any meals you may choose to take off site. **Attractions** are listed last in case you wish to extend your visit to our beautiful state!

The **Specialty Hotels** are again listed.. you will need to contact the websites for the other hotels to make sure the hotel of your choice accepts dogs. Those with an asterisk (\*) are accepting dogs - not all hotels/motels have been contacted to assess their policies regarding dogs.

There is both tent and RV camping available on the grounds of FENCE, see the Specialty info packet for details. Also listed here are other camping RV sites in the area.

Reminder from Lynn Looper: Visit the FENCE website ([www.fence.org](http://www.fence.org)) for proper directions to Foothills Equestrian Nature Center (E).

All mileage/driving times have been gleaned from MapQuest. I am certain I have left out a restaurant/hotel/attraction .....most likely one you really like or one owned by a relative .I am retired and thus no longer capable of full focus and should not be blamed for this omission which was inadvertent and without evil intent.

Hope this is helpful for your specialty planning!

Marta Force, threebordersarewee

FENCE our Specialty site, is 49 miles/53 minutes southeast of Asheville, NC, 94 miles/ 99 minutes (!?!) northwest of Charlotte NC and 26 miles/32 minutes northwest of Spartanberg SC
